DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-13, drawn to an insulating ceramic substrate, classified in class 428, subclass 210.
- II. Claims 14-20, drawn to a capacitor device, classified in class 361, subclass 321.1.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as combination and sub combination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the sub combination as claimed for patentability, and (2) that the sub combination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the sub combination as claimed because the substrate of the capacitor device does not necessarily need to have a glass powder comprising from about 13 to 50% by weight of silicon oxide, or from about 8 to 60% of boron oxide, or from about 10 to 55% by weight of magnesium oxide. The sub combination has separate utility such as a substrate for an electronic device such as a semiconductor chip.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 2841

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jose H Alcala whose telephone number is (703) 305-9844. The examiner can normally be reached on Monday to Friday.
6. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Talbott can be reached on (703) 305-9883. The fax phone numbers for the organization where this application or proceeding is assigned are (703) 305-3431 for regular communications and (703) 305-3431 for After Final communications.
7. Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0956.
